DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Glenn J. Perry (Reg. No. 28,458) on November 12, 2003.

The application has been amended as follows:

Cancel claims 11-14, and 16-72 without prejudice.

Allowable Subject Matter

2. Claims 2-10, and 15 are allowed.

The following is an examiner's statement of reasons for allowance: the references cited in this and the previous office action disclose a printed circuit board having interlayer resin insulating layers, conductive circuits on a core substrate, and some other elements. However, they do not disclose in combination a first resin substrate and a capacitor are coupled to each other by an insulating bonding agent. The insulating bonding agent is lower in a coefficient of thermal expansion than the first resin substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
